

Practically Perfect

Simple but Ingenious Inventions

Oh, the wonderful things
You can do with a pen
You can write
You can draw
Or doodle now and then

Oh, the wonderful things
You can do with a Frisbee
You can catch it
You can throw it
Just be sure to not hit me

Oh, the wonderful things
You can do with a spoon
You can eat
You can measure
You can play a funny tune

Oh, the wonderful things
That we use every day
They're perfect
They're simple
In their own unique way

Oh, the wonderful things
Inventors can do!
They can think up ideas
And make them come true
Inventors can do it
How about you?
